# HELLO! FOLKS, HERE I COME!!

---SAYS SANTA CLAUS

"A Merry Christmas to one and all—both young and old. May this be a happy time for each of you."

—Santa Claus.

"I hope every child in Randall County receives a nice present this year, just the kind that each one desires."

—Santa Claus.

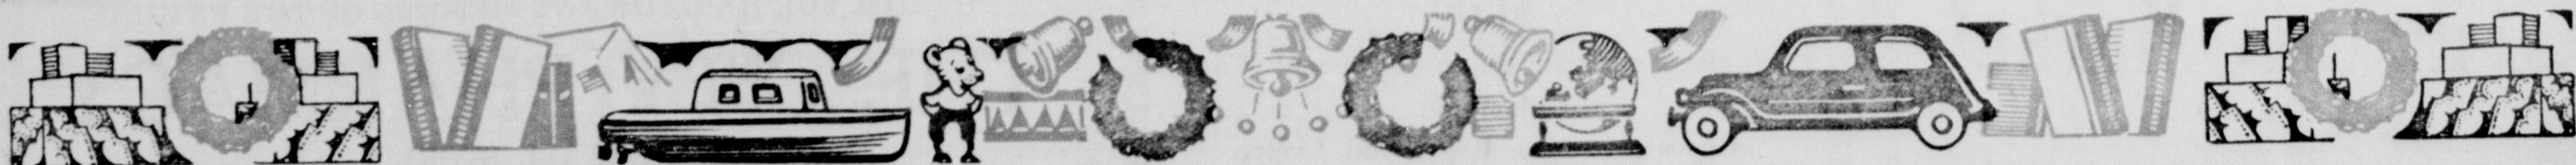

## Meet Me In Canyon!!

"I want to see every child in Randall County. I have a little treat for all the children. Come to Canyon Dec. 14, 16, 21, 23, 24."

—Your Friend Santa.

"The business firms of Canyon have prepared a real treat for all the children. A real picture show will be given next Monday, Dec. 16 from 3:30 to 5:30, which shows me at my work at the North Pole. I want every child to see my picture. That day is Dollar Day in Canyon and I have asked all the business houses to make special offerings for the benefit of the people of the county. Children, bring your parents to Canyon on that day—and be sure to see my show. Free tickets are given at the business houses."

—Santa Claus.

The Christmas spirit prevails in Canyon. The stores are beautifully decorated. The stocks of goods are complete. The merchants are offering special inducements for the people to come in and look over their splendid Christmas offerings. Citizens of Randall county should come to Canyon and inspect these stocks of goods before making their Christmas purchases.

The children of Randall county will have a real treat next Monday afternoon in Canyon as the free picture show of Santa Claus is offered by the merchants. The show will be given from 3:30 to 5:30 o'clock, showing Old Santa at work at the North Pole, as well as other holiday features. The business houses of Canyon are glad to give tickets to all children who apply for them, and perhaps many of the older people will likewise enjoy this picture.

The distinguished services of Senator Clint Small of this district in the legislature has been praised many, many times from citizens of Texas who were interested in good government. If the Senator retires at the end of his present term, as he has indicated a number of times, one of the strongest men in the legislature will be lost to the people of the state. The following written by Byron C. Uteche in the Star-Telegram reviews some of the work of Senator Small:

When Senator Clint C. Small retires from the Senate next year he will have rolled up an unusual record as a legislator, for he was re-

sponsible for many major laws. In his first term his "river bed bill" was passed and then enacted over the Governor's veto. This protected property rights of West Texas citizens whose lands happened to include some dry creeks, but which the State Government insisted were "navigable rivers."

When a strong effort was made to move the prison system from Huntsville to Austin at a cost of many millions of dollars, although there was a deficit in the general revenue fund, Small came into the picture as a pinch-hitter and got a compromise measure passed, which gave many improvements to the prison system, but retained it at Huntsville. He also led in the oil and gas conservation legislation. At the session just closed he got through a bill defining and preventing open saloons, as well as a selective sales tax, past the Senate, but the tax measure died in the last hours of the session. He always has been a conservative.

DISCUSSING PANTRIES  
IN RANDALL COUNTY

Claude News. The White Deer Review last week gave its readers some idea as to the size of some ladies' panties in another part of the Panhandle. Read it as follows: "In Randall County 22,235 quarts of canned foods, valued at \$4,730.40, have been added to the panties of 120 home demonstration club women during the last canning season. Two thousand seventy-two dollars and sixty-nine cents' worth of dried or cured products, cheese and lard have been added."

State Press in Dallas News: State Press hates to admit dumbness, but he can't see the connection. What have canned goods to do with textile dimensions? Having been in Randall County more than once, and having observed the slenderness and grace of such Randall County ladies as he met, S. P. can't fancy a race of giantesses in that salubrious subdivision. (Postscript: The gentleman who writes Snap Shots for this page was appealed to for an explanation of this strange report from the Panhandle. That person doesn't know much, but he occasionally has a sort of lucidity that cannot be questioned. He said the White Deer Review meant "panties" when it printed the paragraph about the canning industry of Randall County. Now that the thing has been explained it looks simple enough. Merely a typographical error, a printer's delinquency, a proofreader's obliviousness.)

## TAXES AND CHARITIES

Canyon News: The people always get most enthusiastic about doing big things in a big way until the matter of money is considered—then the jig is up with most of us. We want to have the best for our community, but want the other fellow to pay the taxes. That was the trouble with the last Legislature. The Legislature submitted a constitutional amendment calling for an old-age pension; the people approved it by a large majority; but now each group is attempting to shift the burden to the other fellow's shoulders. We have yet to learn that whatever benefits all should be paid for by all.

State Press in Dallas News: A movement intended to do good to those who need whatever the movement can supply should take care to organize itself formally before asking for cash contributions. The gifts the individual makes to heterogeneous charity cannot be taken from his income tax. Only that which he gives to organized charity, or a regular church, can be deducted from his taxable income. Most of the established charities, and all the recognized churches, are eligible for gifts that may be deducted. It is this situation, along with the Government's heavily publicized benefactions, that is making miscellaneous giving reluctant. There are men who give more out of their pockets and take no account of it than they give by check and keep tab on. But curbstome charity may not be debited against income tax, though it

Despite Gloomy Pre-Season Predictions and Old Man Jinx, Chicago Blackhawks Have Shot to Top of American Bracket in National Loop

BY PHILIP MARTIN

AS soon as the curtain lifted on the 1935-36 hockey season, the Chicago Blackhawks promptly soared to the top roost in the American bracket of the National loop, although puck dopesters had gloomily predicted the Windy City six would be darned lucky to stay out of the cellar.

Its first string team was only fair, the prophets had pointed out, and lack of reserve strength would prove its undoing if injuries forced any of the regulars from the lineup.

And then that very thing began to happen! Lorne Chabot, battle-scarred goalie, was first to go on the hospital list, suffering from a bad knee. Seasoned net blockers of major league rating not growing on trees, an SOS was put on the wires. Mike Karakas, a youngster from the minor league Tulsa outfit, was rushed over to fill in for the injured Chabot.

This move was a gamble; the fate of the Blackhawks depended on the showing made by Karakas. Subsequent events, however, have proved that they need have had no fears on this score; since his debut, Karakas has guarded the net sensationally and effectively. Howie Morenz, stellar center,

then wrenched his back, adding to the burdens of Manager Clem Loughlin. Morenz remained in the game, but the injury probably impaired his efficiency.

SURELY that old debbil injury had played enough havoc with the Blackhawks for the present. But no! Presently, Johnny Gottselig, star Russian stickman, was graced a hospital cot with a damaged knee, and youthful Eddie Oullette was skimming the ice in his stead. Strangely enough, Oullette, too, immediately caught on and performed for all the world like a true big leaguer.

But enough said about the bad breaks—if they can be called. A certain trio wearing the Blackhawk regalia had found the range of the enemy goals and began whizzing pucks into them with regularity. Way up among the

In an auspicious beginning of the fighting campaign which has rocketed the Chicago Blackhawks to the top of the hockey heap, a free-for-all, scene from which is pictured above, right, featured their first game this season, with the New York Americans in Chicago. Playing outstanding roles for the Blackhawks are, above left, Doc Romnes, who plays center; bottom left to right, Mike Karakas, goalie, and Paul Thompson, right wing.

high scorers of the league today you will find the names of Donnie MacFadyen, Paul Thompson, and Doc Romnes, all of the Chicago Blackhawks.

So here we have a team, scorned by the experts and ridiculed by injuries, promising to be—for the present, at least—the main threat to the supremacy of the Montreal Maroons, current titleholders.

And it would be a crazy quirk of fate if Tommy Gorman, manager of the Maroons, were to lose to his former charges, the Blackhawks, which he piloted to the title two years ago before leaving for Montreal to win the flag there in his first year.

may be credited on the books of Saint Peter. After all, it probably is better to take care of one's credit in the ledger of heaven than to overpay the internal revenue collector. As a rule, those who propose good works are not able to finance them. On the other hand, those able to finance them seldom propose them. From this it might appear that all men are born equal before the law, but some draw in selfishness with the first breath of life and some draw in benignancy. Very likely that isn't the way of it at all. Those who think more seriously of charity than of fortune don't accumulate fortune, whereas those who think more of fortune than of charity don't accumulate charity.

The other evening we heard a woman ask what in the world would become of the younger generation. That's an easy one. They'll fall in love, get married, have children and trouble and all that sort of thing, and as they get older they will worry about what's to become of the younger generation.

## Christmas Campaign Gets Started in Canyon-CCC Boys Sing Saturday

Santa Claus made his first appearance on the streets of Canyon Saturday afternoon.

He will continue to make the rounds of the business district each Saturday until Christmas, and will be on the streets again on Monday afternoon for Dollar Day.

Santa is well supplied with peanuts which he is distributing among the children.

Next Monday afternoon will be the real treat for the children of the county when a free picture show will be given at the Olympic. The show is free, but tickets must be secured at the various business houses which are giving this entertainment to the children. All that is necessary is to go to any of the stores where the tickets are being given out and ask for a ticket to see this feature.

This picture was shown Saturday morning to the children in Amarillo, and proved to be a great favorite. In addition to the Santa Claus picture, another special feature will be run, making this a very attractive and entertaining event for the children of the county.

A group of CCC boys will come in Saturday afternoon at 3:00 o'clock to give a program on the court house lawn. The boys are real singers and the people of the community will greatly enjoy this feature. Men from both of the CCC companies will come to Canyon Saturday for this program of song and dancing.

Christmas lights were put up Tuesday around the square by the Chamber of Commerce. These lights add very greatly to the attractiveness of the court house square.

Dollar Day will be the feature for all business houses next Monday. In this issue of The News many items of real bargains are being offered to the people of the county by the various business firms who are making a bid for the people of Randall county to visit them during the holiday period.

A great treat awaits all of the people of the county who take advantage of the special offerings which are being made in Canyon during the holiday period.

## Dean L. G. Allen Given Place in "Believe It or Not"

Ripley gave the prominent place in his "Believe It or Not" cartoon Monday morning to Prof. L. G. Allen of Canyon. The news dispatch of last fall that Dean Allen had entered W. T. as a student after retirement as Dean was noted by Ripley, who wrote to Mr. Allen for information. The following was printed as an explanation of the cartoon:

"Once a Dean, Now a Student—Because of his reverence for West Texas State Teachers College at Canyon, Texas, L. G. Allen, is now enrolled there as a student in education and history classes. Mr. Allen helped to create the college in 1910, was head of the mathematics department from that date until his retirement, and was the first Dean of the College—a position of honor he retained until 1927. Mr. Allen says 'time passes too slowly with nothing to do,' and out of love for the personnel and the administrative force, he again took up his studies despite his advanced age."

### BENNETT-BABER WIN IN PANTRY CONTEST

In the county-wide pantry contest sponsored by the County Home Demonstration Clubs of Randall County, Mrs. W. E. Bennett of the Park Club won first place with Mrs. P. H. Baber winning second place.

After being elected Pantry Demonstrator of her club, Mrs. Bennett took stock of her storage space and with the help of her husband, put some shelves and other improvements in the storage cellar.

Upon her shelves may be found canned meat, including chicken, oysters, salmon, fresh canned pineapple, English peas, turnip greens, Swiss chard and spinach; beets, beans, several kinds of peas, carrots, okra, and cucumber pickles. Many turnips, parsnips and carrots were left in the garden for early winter use. Cherries, peaches, apples and concord grapes are other fruits and jellies upon her shelves. 69 cans of corn and 34 pints of tomatoes were also canned. During the year Mrs. Bennett has made cream cheese and cottage cheese and has ten pounds of American cheese in her cellar.

An outstanding feature of Mrs. Bennett's pantry is the shelf of 45 containers of strained baby foods, put up especially for her grandchildren.

During the summer, eggs and chickens were sold bringing in \$35.50. The complete cost of the gardens, repairs, fruits and vegetables bought amounted to \$35.47; thus the many containers of food in the Demonstrator's cellar are worth many dollars and may be considered a savings on the grocery account of just that amount.

### Mrs. Baber Second

Mrs. P. H. Baber of the West-side Home Demonstration Club did not take over the work of pantry demonstrator of that group until about July 1, and thus began the work at a disadvantage, because of the many early fruits and vegetables that she did not get that she would have had otherwise.

The only expense of making the garden was for seeds and plants which amounted to \$4.60.

Mrs. Baber's pantry consists of a one-room basement 14 feet square. She was out no expense on this except for some shelves, which were put in at an expense of about \$1.00 for lumber. New equipment added was a recipe file and pressure cooker, but there was no cash outlay for these items as friers were sold amounting to about \$40.00, much cream, milk and eggs besides 5,000 pounds of butter churned and sold at an average price of 35 cents.

In her pantry Mrs. Baber has 217 quarts of vegetables, 118 quarts fruits and fruit juices, 65 quarts tomatoes and tomato juice, 125 containers jellies, jams and preserves, 84 quarts pickles and relishes, 6 containers sandwich spread, besides mince meat and miscellaneous foods. Two hogs and 2 hogs were butchered from which 75 No. 3 cans of beef were put up and 400 pounds of pork were cured. About 120 pounds of lard were rendered. Most of the meat has been used but there is now in the pantry a total of 648 containers, valued very conservative at \$153.40. Deducting the total expense of \$38.20 it leaves a profit of \$115.20 on the canned goods.

Both Mrs. Bennett and Mrs. Baber have worked hard at their jobs as Pantry Demonstrators for their respective clubs. They not only have the satisfaction of knowing they have saved many dollars on foods, but they are prepared to feed their families well balanced meals throughout the year and are always ready for unexpected company.

After the church service an appetizing dinner was served in the basement of the church to both classes. The partaking of savory food together with music, readings and songs, the introduction of guests and entertainers made the occasion one of those events that cement friendship and justifies the name chosen by the class.

## Mrs. Vara Shinn Dies In Amarillo Hospital Saturday

Attended School Here;  
Taught In Amarillo  
Ten Years

Mrs. Vara Davis Shinn, sister of Mrs. J. A. Hill, died in an Amarillo hospital early Saturday morning.

Funeral services were held Sunday afternoon at the First Baptist Church in Amarillo. Dr. G. L. Yates, pastor; Dr. Roy C. Snodgrass, of the First Christian Church; and Dr. R. Thomsen, of the Central Presbyterian Church were in charge of the services.

Burial was made in the Dreamland Cemetery of Canyon under the direction of Griggs Funeral Home.

Pallbearers were: R. B. Norman, L. McNeill, L. F. Sheffy, W. A. McIntosh, Travis Shaw, and Willard Vineyard.

Mrs. Shinn is survived by her husband, J. W. Shinn, Portales, N. M., two sisters, Mrs. J. A. Hill of Canyon, and Mrs. J. W. Shanklin, of Houston, and her mother, Mrs. J. M. G. Davis, of Canyon.

Mrs. Shinn received her B. A. degree from W. T. in 1926 and her M. A. degree from Chicago University. She had been head of the history department in the Amarillo High School for ten years, but was unable to teach this year because of ill health. She had been in the Northwest Texas hospital in Amarillo four weeks.

## Pioneer Hall Will Exhibit Works of Boyer Gonzales

One of the greatest art exhibits ever on display in Pioneer Hall will be here this week.

It consists of water color paintings by Boyer Gonzales, noted artist, who died last year. His wife has sent his paintings for a memorial exhibit, and they are not for sale, but will be on display here through December.

Boyer Gonzales, born in Houston, Texas, was one of the greatest

artists of his kind. A son, Boyer Gonzales, Jr., is also an artist and following in his father's footsteps, but he has not yet attained the fame that his father had.

Until this collection arrives, an exhibit of the college students of the art department is on display. It is the same exhibit that was shown in San Antonio at the meeting of the Texas State Teachers Association.

The display consists of drawing, design, and water color etchings done by the freshman, sophomore, and advanced students in the art department.

## Thirty-Two Fish Respond To Call For Gridsters

When Coach Cox sounded the clarion for the initial Yearling cage practice, thirty-two eager freshmen responded to the call. It is from this large number that Cox will select his twelve man squad, who will later make strong bids for the Buffaloes.

Coach Cox is optimistic over the prospects, and predicts as successful a season as that enjoyed by the '35 Frosh who collected nineteen victories against three defeats.

The height of the squad is amazing. Fifteen measure over the six foot mark, and five exceed six feet, four inches. Raymond Shackelford of Childress towers the group with his six feet, eight inches.

At this writing, the season schedule has not been completed, but games with Amarillo Junior College, Wayland Junior College, Portales Junior College, and the Texas Tech Freshmen are tentative.

## Young Democrats Make Study of Parliamentary Law

Young Democrats of W. T. were aroused to the need of a thorough knowledge of parliamentary procedure in the political world, when

Prof. J. L. Duflot talked to them Monday night, Dec. 2.

Prof. Duflot outlined a course of procedure for the group to follow in making a thorough study of parliamentary law. The next meeting, to be held on Monday night, Dec. 16, will consist of a program under the direction of the parliamentarian, Garland Martin. Mr. Martin will conduct a discussion by members, and a mock constitution will be revised and amended strictly by following the correct laws and procedure of parliamentary law.

Prof. T. M. Moore, who is sponsor of the Hall county club, recently visited schools in Hall county. He found many ex-students there.

At Lakeview were James Clark Agee, Bob Clark, Howard C. Weatherby, and Hettie Lou Bagley; Mr. and Mrs. Jack Jarrell teach at Indian Creek and Friendship schools; Mr. and Mrs. J. W. Chappell and Miss Mildred Pittman teach at Brice; H. L. Gibson, Hosea Foster, Dorothy Richeson, Mrs. Curtis

Henry, Mrs. Earl Bond, and J. E. Whittington teach at Lesley; Mrs. C. T. Howell, nee Johnnie Groves, Jewell White and Lois Molloy, teach at Palaska. Bill Todd, whose home is in Hall county, and Agatha Taylor, another ex-student, are teaching in the Chamberlain school six miles south of Clarendon.

## Famous Actress Appreciated By Large Audience

Presents Several of Her  
Original Character  
Sketches

Appearing alone and without scenery, Miss Cornelia Otis Skinner, internationally famed dramatic actress, presented a series of authentic character sketches in the College Auditorium Thursday night.

Miss Skinner's naturalness and realism were predominant throughout the presentation. She went about her acting in a simple manner taking the audience from grave to gay by playing upon its moods and carrying it where she would in the realms of imagination.

The character sketches in her program, each of which is the fruit of her own pen, covered all the emotions. Her amazing personality was exhibited in her work, and the audience left the auditorium enthralled with this unique personality.

From her large repertoire of sketches Miss Skinner chose the following eight: "Nurse's Day Out," "In a Gondola," "The Calais-Paris Express," "Times Square," "At the Seashore," "Homework," "On the Beach at Barbados," and "Being Presented."

The sketch, "Times Square," the newest of this collection, was exceptionally well received. Miss Skinner brought to life eight other women—an Italian gum-seller, a chorus girl, a society woman on her way to the theater, an office girl, a southern girl in New York, a wife with an ailing husband, a tough girl with a sailor, and a dope-fiend.

Her encore number was a French interpretation of "November Wind."

The average married man would much rather have his wife mend his socks than his ways.

A soft answer may turn away wrath but it will not drive a book agent from the door.

I was loafin' aroun town last Friday, an about twenty five kids drove up an asked me, if I was goin to Hereford to th ball game. I went with 'em an saw a real ball game. Tubba Lile liked to whooped his gizzard up a yellin fer Panhandle, cause he made th touchdown when we beat Panhandle.

Our basketball gals went to Vega last week to play in th tournament but they let Happy beat um this time. This week end when they will go to Friona they'll feel more like playin, cause th boys team will go with um.

I hear that Miss Foster an Mr. Brown has started a debate club up ther an already got them kids started to lookin up material an gettin ready to start argyin. Mariah ought to join th. She can shore argy.

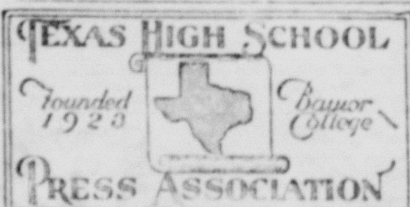

Canyon High Schule seems to have sum imaginin students. Caraline has been imaginin tht Uncle Remus was a rabbit fer a long time. Mr. Fox was chemically imaginin when he said, "Sewel, what would yer dad say if you asked fer sodium chloride instead o salt at yer table?" Sewel imagined back, "He wud prpbly tell me I aint worth tht much."

Them senior girls all bunched up once in a while lookin at their pictures an this is what I heard um say: "Oh that's good! Wish mine was tht good." Then over on the other side o th crowd sum one says, "Oh Fred, they even got yer ears in the picture." Some one else says, "Overton you look like all yer relatives are dead."

Now what's this I hear about Clarence Zachery bein called a freshman. Clarence, is it on account o Annie Sue Rogers? What will Zella say?

Well here is luck fer th Eagles in Dimmitt. So long.

TIME AND TIDE WAIT FOR  
NO MAN

When the bell rings for classes to be dismissed, there is a clatter of voices and feet, and everyone is off for the next class. There is opening and slamming of locker doors and dropping of books, and everyone is ready to add to the chime of other voices. Finally school is over for the day and the students rejoice because the rest of the day is theirs. Next comes the noise from the gymnasium of those that practice basketball, and the thundering sound of the band. One by one these sounds gradually cease. The halls no longer echo with activity. At last all that is heard is the swish-swish of the janitor's brush and broom. Silence reigns now because the janitor has disappeared from the scene. One sound is still left in the hall; in fact it is everlasting and constant; nevertheless it is never heard until everything else is gone. That is the ticking of the old hall clock. Its rhythm is low and constant, reminding us that whether we wish it or not, whether noticed or unnoticed, time is slipping by. It doesn't stop and wait for us to loaf and play. Each of us constantly spending it. Some bargain well; others haven't learned yet not to cheat.

BANQUET HELD  
FOR 45 COUNTY  
TRUSTEES SAT.

MR. J. D. WILSON, DEPUTY STATE SUPERINTENDENT GAVE PRINCIPAL SPEECH OF EVENING. STROUD GIVES WELCOME; FRANK PHILLIPS RESPONDS.

Forty-five trustees, consisting of county trustees, the county board, and the trustees of the Canyon Independent School District were present Saturday night, Dec. 7, at a Randall County's Trustee's Banquet that was held in the Home Economics Department of the Canyon High School.

Mr. J. D. Wilson, Deputy State Superintendent, spoke on the changes which have been made from a static society to a new and dynamic society. Mr. Wilson was successful in bringing to the minds of all those present a realization of the great changes that have taken place in the United States and the world in the last quarter of a century. He told in convincing terms of society's change from the horse and buggy, the ox cart, and the one-room school house to the modern methods of transportation, communication, and education. He declared that the day has past when a discrimination can be made between city and rural children and their educational opportunities. This speaker pointed out that all over the state and the nation, children from the rural sections are being granted the same educational opportunities as their town cousins. "Since this is possible and feasible," said Mr. Wilson, "it is only right and just that we give our children in Randall County advantage of this opportunity." He was surprised, he said, that Randall County had been so slow in developing its educational facilities.

## Stroud Gives Welcome

In their welcoming words to the trustees of the county, Mr. W. H. Stroud and Mr. Dan Sanders both expressed the wish of the Canyon Independent School District to cooperate with the remainder of the county in establishing as strong an educational organization in Randall county as possible.

Prof. Frank R. Phillips, in response to the welcome, said that many schools in Randall county were being run on a very expensive basis, and that there was a common need of complying with the state law whereby all pupils of high school age should be sent to an accredited high school. Professor Phillips further said that he had had the privilege of visiting in many of the schools of the Panhandle, and had found that some very splendid systems of county transportation had been worked out where the students from the most inaccessible parts of the county had been brought in to a central high school. It was the speaker's wish that Randall county should do the same thing and that all of the students of the county should have equal opportunities for a high school education.

## Have Discussion

After the main program was completed the meeting was thrown open to a round table discussion, where numerous questions were asked and answered regarding the subject under discussion.

Other interesting features of the program were singing by the High School Choral Club, and a piano solo by Miss Gwendolyn Black.

Hi-Y Collect Toys

During the regular meeting of the Hi-Y Club last Thursday night, a constitution was presented by the Constitution Committee and adopted by the club.

The regular program on Home was held after which, the members decided to collect all unused toys. They will repair them and present them to the unfortunate children of the town.

Advertising space will be bought in The Canyon News asking people to contribute toys for this purpose.

The club plans to work in the manual training room in the same manner as a manual training class to put the toys in tip-top Santa Claus condition.

## Sophs Have Party; Clubs Meet

Having attended the W. T. Training School since September, Mary Ellen Hurst resumed her studies in Canyon High School, Dec. 5.

The students of the high school met after assembly Dec. 4 in their various clubs to make plans for the newspaper contest sponsored by the Press Club. The clubs which met were: the Pep Squad, Hi-Y Club, La Tertulia, Book Club, and the Home Economics Club.

Boy Scouts visited the college building and went swimming with Troop II boys of Amarillo last Friday at their regular business meeting. There were 32 present at the meeting. It opened with a Flag Ceremony where the boys sang some patriotic songs. Drilling was practiced and tests were passed.

The Sophomores were entertained with a Christmas party last Monday night at 7:30 in the home of Mrs. Grace Clark. Presents were distributed by Santa Claus who visited the party.

The civics room has a new bulletin board. It was made by Mr. Milton Kiker, and will be used by the civics class each day to display current events which students take from newspapers.

The Choral Club, under the direction of Miss Gwendolyn Black, is going to sing at the Methodist Church on Dec. 22, and at the assembly program here on Dec. 18. They sang at the school trustee banquet last Saturday night.

Mavis Hardin had a party at her home Dec. 5. The guests made candy, popped corn, and roasted peanuts and apples. Those present were: Brynildie Vaughn, Roy Sanderson, Billy Norman, Dwain Legg, Nell Stevenson, Ruby Guthrie, Geraldine Heath, and the hosts.

Rev. J. O. Quattlebaum will speak in the high school assembly October 13. The public is invited.

The members of 2A made an

Fidac Essay Contest  
Sponsored By Legion

A 1936 Fidac Essay Contest was inaugurated in the high school last Thursday, sponsored by the American Legion Auxiliary.

Essays are to be written on: "How Can American Youth Cooperate with Fidac to Prevent Propaganda of International Hostilities?" Students of Canyon High School and of the W. T. Training School are eligible to enter the contest.

Rules governing the contest are:

1. Contest open to all students enrolled in high school or schools carrying a high school curriculum.

2. Essays will be judged on the following basis:

a. Grammar, punctuation, sentence structure, and neatness.

b. Suitability of the material chosen and originality with which it is presented.

c. Organization of the ideas so as to create a unified, intelligent, and interesting exposition.

A national first prize of \$200.00 scholarship and medal will be given. Medals will be awarded to second and third national winners. A departmental prize will be announced later.

Parent Teachers  
Discuss Cafeteria

The Parent Teachers Association of the Canyon Public Schools has as one of its projects, the establishment of a cafeteria, where children may have the opportunity of getting warm lunches each day. There is a definite need for such a service as a cafeteria will afford the children. P. T. A. has sent out questionnaires to be answered by the parents of the school children. The questionnaire should be answered as soon as possible and returned by the students to the Superintendent's office.

The following questions will be answered:

1. Will you support a cafeteria with your patronage if one is established?

2. Do you think there is a need for a cafeteria in our public schools?

Gladys Hutton, sophomore, returned to school Monday after a two weeks absence resulting from a badly cut knee received in a car wreck.

Leigh Beeson, graduate of '34, has been a student in Texas A. and M. College Station, since September.

## Meet the Eaglettes

Leading the Eaglette squad is Captain Wanda Brock, junior, from Channing. When she came here, she said she could play either guard or forward. This has been proved true, but when she missed only three goals out of ten, she became a forward. At noon she can be found playing third base or right fielder on the Junior Baseball Team. Her playing number is 10.

Mary Ella Davis, senior, has proved what she can do on the basketball court by the good record she made last year. Besides being jump center for the team last year and this year, Mary Ella is editor of The Eagle's Tale and leader of the pep squad. Mary Ella, known as Horsecollar, plays baseball with the seniors. Her playing number is 8.

Jean Slack, junior, and a last year letter-man, is playing forward this year. She has a fine record behind her and will probably have a better one in the future. Jean is a member of the Press Club, Choral Club, and Purple Peps. Her playing number is four.

A girls whose basketball career was cut short last year by sickness, but who has snapped out of it this year, is Anna Kathryn Overton, better known as Sis. Sis is a member of the Home Economics Club, and secretary to the Purple Peps. She plays hind-catcher on the Senior baseball team. Her playing number is one.

## Greenfield Keeps Up Tradition

"It runs in the family." That's what you can say about Billy Greenfield, junior. Although she is small, she can hold down the forwards placed in front of her. She is a member of the Press Club, and the Purple Peps. She plays left-fielder for the Juniors. On the basketball court she will be known as number two.

Mary Collins, junior, played guard on the Eaglette team last year, and much is expected of her this year. Mary plays hind-catcher on the junior baseball team. She is a member of the Press Club, Home Economics Club, and the Purple Peps. Her basketball playing number is five.

"Little But Mighty." That explains Carolyn Mayfield, junior. Carolyn has at last been rewarded for her patience and steady work during her freshman and sophomore years. She is a member of the Press Club, Home Economics Club, and the Purple Peps. Pitcher or first base is her position on the junior baseball team. Last year she was assistant pep leader. Her playing number on the basketball team is three.

Another junior, Kate Donnell, is for the first time showing what she can do with a basketball. She plays guard and is a member of the Choral Club, Home Economics Club, and Purple Peps. Kate plays pitcher on the junior baseball team.

Others that are showing talent are: Betty Ruth Solomon, junior and forward; Renna Beth Bella, freshman and forward; Mary Horn, sophomore and forward; Sweetie McNeil, freshman and forward; and Marie O'Donald, sophomore and guard.

Eaglettes Attend  
Vega Tournament

The Canyon basketball girls attended the Vega tournament last Saturday.

The girls drew a bye and did not play until Saturday at 12 o'clock, when they met the Happy Cowgirls.

The Cowgirls were winners by a score of 33 to 8. Girls that saw service during the game were: Wanda Brock, captain, Jean Slack, Carolyn Mayfield, Billy Greenfield, Sis Overton, Mary Collins, Natalie Flesher, Renna Beth Bella, Edrie McNeil, Dell Bagley, Kate Donnell, and Mary Horn.

Magness of Happy was high point forward with 12 points to her credit.

Mrs. Dan Sanders  
Leads Study Club

Mrs. Dan Sanders will lead the P. T. A. Study Club, Dec. 13, at 3 o'clock in the music room of the grade school building.

The subject of the study will be Preliminary Aspects of Curriculum Revision. The mothers choral club will sing two numbers: "Aloha, Hawaii Folk Song," by Kawelo, and "The Cradle Song," by Mozart. The next meeting will be Jan. 9.

Miss Grace Clark spent Sunday afternoon in Amarillo.

Press Club Stunt  
Announces Eagles  
Tale Contest Wed.

A stunt announcement by the Press Club and group singing were the main features of the assembly program Dec. 4.

The purpose of the Press Club stunt was to announce the contest among the different school clubs to see which club could collect the most complete sets of back numbers of The Eagle's Tale.

The stunt was a scene in the journalism room, when the paper is being put out on Monday afternoon, showing the need for more complete files of back numbers of The Eagle's Tale. After this, Jack Taylor told the assembly about the reward of \$2.00 for the greatest number of complete sets.

The songs sung were: America, Battle Hymn of the Republic, and America, the Beautiful. Mr. R. G. Stephenson led the assembly in the songs and Miss Gwendolyn Black accompanied at the piano.

Christmas Program  
Given By P. T. A.

The P. T. A. will meet Thursday, Dec. 19, in the high school auditorium at 7:30.

The children of the grade school will be in charge of a Christmas program. It will be centered on the activities of the classroom in the preparation for Christmas, such as playlets, carols, and stories. Refreshments will be served by the Association.

## Sports Shorts

The boys are now finishing their second week of basketball. With three letter men and a great deal of material, they are looking fine and improving daily. They are going to the Dimmitt tournament tomorrow and Saturday.

The favorite noon hour sport of the boys is boxing. There are some fine boxers in Canyon High School. Joe Frank seems to be the promoter. Baseball is also played at noon by the boys.

Twenty-four Canyon students attended the Hereford-Panhandle football game at Hereford Friday which decided who would meet Matador at Plainview for the regional championship game. They were: Douglass Louder, Wandell Johnson, Hershel Burrus, Herbert Mariner, Wesley Cox, R. E. Priehard, Lavert Avent, Billy Bewley, Ray Ford Rusk, Jack Middleton, Scott Downing, Sarah Bonnie Bourn, Lavena Watkins, Jack Jennings, Jack Taylor, Leslie Lisle, Polly Little, Darwin Dobbs, Edward Little, Jimmie Carr, Thomas Harris, O. D. Brieting, Melvin Callahan, and J. C. Bellah. Hereford was victorious by a score of 13-6.

Hoorah for Wanda! Wanda Brock, who recently came here from Channing was elected captain of the girls' basketball team in practice last Friday. Here's to you Wanda!

What about black cats? The basketball girls believed in them last Saturday in Vega. After the girls ate lunch, Coach Brown took them walking. When they were nearly around the block, a black cat crossed their path. This would never do; so they turned around and went all the way back around the block.

Billy Greenfield said the only reason the girls didn't beat Happy was because she forgot to carry her rabbit's foot.

Such superstition! The girls are going to the Friona tournament tomorrow, Friday 13.

Spectators Watch  
Noon Hour Boxing

A ring of crowding spectators swaying on one side then on the other to escape blasting fists, encircle two contestants who slug and pound with all their manly power for superior ranking.

Lavert Avent, Sewel Cox, Wesley Cox, Joe Frank, Lester Smith, J. C. Bellah, Raymond Bible, Jimmy Carr, Woodrow Hicks, Forest Hill, Fairy Hill, D. A. Butler, and Charles Hutchinson are active members of this fight or run game.

Joe Frank acts as promoter and manages to keep the gloves on first one pair then another of well matched combatants during the greater part of every noon hour.

## GUESS WHO

Blue eyes, light brown hair, Senior girl, slender and fair, Diligent and studious, 4 A's she did make.

Highest honors of the year, she aims to take.

EAGLE CAGERS

Tomorrow morning the basketball boys of Canyon High School will leave for Dimmitt where they will participate in the Dimmitt Tournament Friday and Saturday. The girls will also journey to Friona for a tournament at the same time.

During the two weeks the boys have been practicing, they have gone through hard workouts, learning the fundamentals of basketball. Tuesday they had a practice game with the Ex-Eagles.

The girls are expected to do much better at Friona than they did at Vega last week. They have gone through another week's work-out with strong competition coming from the Freshman girls.

Probable boys' line-up:  
Forwards: Thomas Harris, Jack Taylor; center: Ray Ford Rusk; Guards: Wesley Cox, Darwin Dobbs.

Under Mrs. Collins  
1A Leads In Grade  
School Honor Roll

Out of a total of 84 grade school students making the honor roll, 1A under the supervision of Mrs. T. W. Collins led during the second six weeks period with 76 per cent of its members on the honor roll. 1A had 13 of its 18 pupils on the roll.

## One CCC Company at Palo Duro Will Disband on Jan. 1st

Company 2876 at the Palo Duro State Park will disband after the first of January. Orders to this effect were received Friday, and preparations are being made to close up the affairs of the company after that date.

Captain Adair recently was transferred from Hereford where he disbanded the company formerly located there. He has not received orders as to his future location, but will probably be transferred to some other CCC company which is being disbanded.

Many of the men in this company will probably be transferred to Co. 2875 at the time disbandment orders are effective. Those who are not absorbed this way will be transferred to other companies.

The reduction at Palo Duro comes in line with the President's orders to reduce CCC from 500,000 to 300,000 men by July 1st, 1936. Owing to the fact that Palo Duro was the only place in Texas with two companies it was natural that one company should be disbanded. This company was originally planned to move on October 1st, but this order was changed owing to the fact that no additional camps were established after that date.

The Palo Duro has been fortunate since work was started in having the largest CCC camp in Texas. Three companies were originally moved to the Park. When the fourth came, it was the largest CCC camp in the United States. After two companies were transferred, it still remained the only place in Texas where two companies were located.

President Roosevelt has announced a policy of continuing CCC work on the basis of 300,000 men, and it is contemplated that one company will continue at Palo Duro so long as CCC is in existence.

## Rotary Club Hears Talk on India By Miss Graham Tues.

Mrs. Edna Graham made an interesting talk at the Rotary Club luncheon Tuesday on India. Miss Graham was a member of a party which toured the world last summer of which Miss Jennie C. Ritchie of this city was also a member.

Miss Graham discussed the various places visited, the customs of the people, the local government, the influence of the English, and the religions. The luxurious temples are kept by priests who gained their right to serve by having their heads shaved and lived by begging for two years. Animal worship prevails, and visitors must get off the sidewalks to allow the sacred cows to pass.

The people of India travel in large numbers. The trains are good, but in the pullmans the passengers furnish their own bedding. Four classes of transportation are provided.

No matter how few clothes the women have, they are well bedecked with jewels. Unemployment is solved by many persons doing minor things, such as five men running one lawn mower.

President Irby Carruth reported on the inter-city meeting at Plainview Monday night which was attended by more than forty from Canyon. Floyd Savage had charge of the singing, Dr. Vet Ingham played two violin solos; accompanied by Miss Marjorie Wilkinson; Bill Smith gave a reading; and Clyde Warwick talked on Rotary; Miss Mickey Smith gave two dances.

Rotary Ann night will be observed Dec. 31st.

Visitors Tuesday were: Irving Tolzien, R. E. Townsend, H. W. Galbraith, T. B. Mathews, Otho Thompson, Arch Hunsley, Frank Storm, all of Amarillo. Miss Graham and Mrs. W. A. Warren of Canyon.

## W. T. Basketeers Begin 1936 Season In Burton Gym. Dec. 16

### Will Play Eastern New Mexico Junior College

Coach Al Baggett's high-geared basketball machine will roll out on the floor of Burton Gym for its initial whirl of the current season against Eastern New Mexico Normal College, Monday and Tuesday nights, Dec. 16 and 17.

Once more the thinly clad men of the Maroon and White will grace the hardwood floor that has offered a foothold for some of the nation's greatest cage teams.

In Captain Willie Boedeker, and George Ray Colvin, the West Texas mentor has a pair of aces that will be hard to beat in any game.

Boedeker is a sky-hawk that can whang the nets with unerring accuracy. He has developed constantly since a freshman, and will be going at top-speed from the first whistle.

George Ray Colvin, another rafter-gazer started getting warm in Turkey High School. He got blazing hot as a Buffalo in 1931 and 1932, and literally burned up as an amateur with some of the best cage teams in the Middle West. He was chosen second string All-American in 1935.

Besides these two bounding beauties, the Buffs have Curtis Clement, letterman from Wellington that should go places this season.

Lawrence Clark, the singing guard, will be hard to stop. Clark is a mighty little man, and can do everything with a basketball except blow it up with his mouth.

Jack Davis of Lakeview will be earning his second letter, and will be a constant threat from the post position. Ronald Davis of Childress will be working hard for a forward position, and will see plenty of service this season. Marvin Myers of Munday will use his height to good advantage at the center post. All of these men are constantly on the "develop" and will bear watching during the season.

Craig Walling, Don Savage, Conway Buster, and B. F. Taylor are up from the "fish" team to have a look at varsity basketball. They were outstanding as freshmen, and will be counted upon to bear a lot of this year's attack.

Frank Van Noy will act as referee during intersquad games.

Coach Baggett has announced that his schedule will be completed by the first of January. With a holiday tournament to play in at Winfield, Kansas, where some of the best teams in the country will participate, the Buffs will return in January to open their schedule that will bring some outstanding teams to Canyon.

### Pres. Hill Will Attend Board of Regents Meet

President J. A. Hill left Wednesday for Austin to attend the annual meeting of the Board of Regents for Texas State Teachers College.

At this meeting the problem of letting contracts will be discussed, and bids will be opened for letting contracts for the new outdoor swimming pool and furniture for Stafford Hall, as well as the Home Economics Cottage.

Dr. Hill will be accompanied by Regent John E. Hill and Mr. M. O. Carder of Amarillo.

## Just an Idea Two Years Ago, Townsend Plan Becomes Major Political Threat

POLITICIANS who have regarded the Townsend old age pension plan as just another of those here-today-gone-tomorrow Utopian schemes must now appraise it as a formidable political threat.

Just an idea in the mind of a 68-year-old Long Beach, Calif., physician two years ago, it is rapidly becoming a major political issue that may determine the fate of scores of congressmen.

The recent nomination of a Michigan congressman was the "tip-off." In a field of five candidates, all favoring some sort of old age pension plan, Verner W. Main, a Battle Creek lawyer, campaigned on Townsend's OARP platform. Dr. Francis E. Townsend, himself, made a tour of Michigan's Third congressional district, speaking in Main's behalf. Result: the Townsend candidate polled more votes than all his opponents combined.

This snow-under victory apparently justified the decision of Townsend followers to adopt the same tactics with which the Anti-Saloon League rose to power, i. e., to demand of candidates a pledge on a single issue, "turning on the heat" in one district after another as needed.

Dr. Townsend is so confident these tactics will succeed that he has predicted Townsend votes will control 1936 elections in every state west of the Mississippi. Already his leaders claim between 40 and 50 "converts" in the Congress convening in January, and an effort will be made to get "on the floor" consideration of some version of the McGroarty bill, rejected last session. The bill in question embodies a modified Townsend plan.

LIKE a wind-fanned prairie fire the Townsend movement has swept Far West, Midwest and Northeast: its organizers now are

concentrating their fire on the South. Already there are more than 5000 clubs, dotting every state but Delaware, and new ones are forming at the rate of about 150 a week. Besides the clubs, there is a "National Legion of Honor" of Townsend "Minute Men," numbering more than 40,000.

In all, Dr. Townsend estimates his active followers at between two and three millions. A large share of the credit for this showing belongs to R. F. Clements, 40, well-to-do former Long Beach real estate operator. Rated "spark plug" of the OARP, Clements is said to be responsible for Old Age Revolving Pensions, Ltd., becoming a functioning national organization.

To Clements and Dr. Townsend, at the recent Chicago convention, was given the tremendous power to decide which "friends" should get Townsend support and votes in 1936. Party lines are to be ignored in the Townsend congressional campaign. It will not matter if the candidate be Democrat, Republican, Socialist, Communist, Farmer-Labor, or Epic, so long as he pledges himself to vote Townsend.

Of all the presidential candidates, Borah is believed most favored by Townsends. While he has never declared himself definitely in favor of the plan, the Idaho "Lone Wolf" is known to be sympathetic with its aims; and there is little doubt that Townsend leaders look on the liberal senator as "their man."
